

## **Press Release**

### **Bob Dale Gloves Expands U.S. Safety Program Through Strategic Alliance with FENTO Knee Protection and OneSolution Team**

*Gilbert, Arizona – May 9, 2025*

Bob Dale Gloves & Imports Ltd. (BDG), a leading provider of industrial personal protective equipment (PPE), is proud to announce a strengthened strategic initiative that unites the expertise of FENTO Knee Protection and OneSolution Team. This alliance is designed to expand BDG's footprint in the U.S. market and enhance its comprehensive PPE offerings for industrial workers across the country.

#### **OneSolution Team to Represent FENTO Knee Protection and BDG in U.S. Market**

Through this enhanced partnership, OneSolution Team — a trusted U.S.-based manufacturers' representative agency specializing in PPE — will actively represent and sell both FENTO's ergonomic knee protection products and BDG's extensive hand and limb protection lineup. By consolidating these industry-leading brands under one distribution program, OneSolution Team will deliver a more streamlined, effective safety solution to distributors and end users nationwide.

"Combining the strength of BDG's protective gloves and FENTO's innovative knee pads allows us to offer a more complete PPE solution to our partners," said Billy Moore, President of OneSolution Team. "We're proud to represent both brands and believe this unified approach will significantly increase our reach and impact in the worker safety space."

#### **FENTO Knee Protection: Ergonomic Innovation in Knee Protection**

FENTO Knee Protection, based in the Netherlands, specializes in ergonomically designed knee pads that reduce strain on knees and backs during prolonged kneeling. The company's products, designed in collaboration with physical therapists, are engineered to provide optimal pressure distribution and long-term comfort for professionals in construction, industry, landscaping, roofing, flooring and other trades.

"FENTO products are a perfect complement to BDG's existing lineup," said Oscar Fredriks, CEO (FENTO Knee Protection B.V.). "We're excited to work with OneSolution Team to bring these trusted solutions to more workers across the U.S."

## **A Unified Strategy to Advance Workplace Safety**

With OneSolution Team representing both product lines, BDG aims to build a stronger, more integrated safety program that meets the evolving needs of today's workforce. This collaboration ensures easier access to top-tier PPE, backed by knowledgeable representatives who understand the safety challenges facing industries like construction, manufacturing, oil & gas, aviation and transportation.

### **About Bob Dale Gloves (BDG)**

Founded in 1981, BDG is manufacturer and supplier of quality hand and limb protection, serving a wide range of industries with innovative and reliable PPE solutions across North America.

### **About FENTO Knee Protection**

FENTO Knee Protection is a Dutch company providing ergonomic, innovative, premium and sustainable best in class knee protection to all professional tradespeople worldwide.

### **About OneSolution Team**

OneSolution Team connects manufacturers, distributors, and end-users through strategic representation of premium safety brands, offering a comprehensive approach to PPE solutions.
